\*\* incorporates *Stormwater Management Plan*

† clause numbers (e.g. 65.01) refer to the *Victorian Planning Provisions*

**Figure 4.1 Linking the policy framework to the permit decision.**

In relation to water quality, the SPPF emphasises the need for a cooperative approach with key stakeholders.

Integrated catchment planning for land use and resource management provides the basis for planning to protect waterways and water quality, and to minimise flood hazards, drainage infrastructure costs and downstream impacts, including on estuarine, coastal and marine environments. (SPPF, Section 13 MANAGEMENT OF RESOURCES)

This is supported by the policies contained in:

- Section 15 ENVIRONMENT and specifically
  - Section 15.01: Protection of Catchments, Waterways and Groundwater
    - Catchment Planning and Management
